

I NUMERI FINO ALLE MIGLIAIA

Scomponi i numeri come nell'esempio.

$$7\ 622 \longrightarrow \underline{7\ k + 6\ h + 2da + 2\ u} \longrightarrow \underline{7000 + 600 + 20 + 2}$$

$$3\ 741 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$8\ 369 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$5\ 236 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$4\ 785 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$9\ 478 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$2\ 347 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$5\ 987 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$2\ 036 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$7\ 410 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$8\ 569 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$

$$5\ 630 \longrightarrow \underline{\hspace{10em}} \longrightarrow \underline{\hspace{10em}}$$
